Subject : Internship Appointment as Software Developer

Dear Arin Gupta,

We are pleased to offer you the position of Software Developer Intern at ByteEdu Tech Learning. This internship is being awarded in recognition of your active contributions and technical involvement in the Chronos Open Source Organization under the ByteEdu ecosystem.

During your internship, you will contribute to the development, maintenance, and improvement of open-source repositories managed under the Chronos initiative. Your role will involve collaborating with contributors, reviewing pull requests, and assisting in the development of technical projects.

As part of your responsibilities, you will also assist in the management and maintenance of organizational repositories. The responsibility of ensuring proper development workflow, contribution quality, and repository management within assigned projects will be entrusted to you.

This internship reflects our recognition of your dedication and contribution towards building and strengthening the Chronos open-source community.

We look forward to your continued contributions and wish you success during your internship.

Sincerely,
Manan Chawla
Founder
